- Problem solving
- Creativity
- Teamworking
- Fast learner
- Critical Thinking
- Leadership

EXPERIENCE

Astrolab IT Company (full time)

2023 - 2024

7 months

Participated in the development of a CRM system for managing personnel and product data. Created an API for data exchange and implemented real-time functions using web sockets and Telegram bots. Experience with Python, Django, PostgreSQL and teamwork skills.

PDP Academy mentor assistance (part time)

2024-Current

Teaching IT isn't easy, but it's even tougher than just doing IT work. In this job, I learned that patience, hard work and understanding are very important in helping others learn and grow.

EDUCATION

PDP Bootcamp course

Python development
2022-2023
